The City Board of Health is at work trying to fix on a site for the permanent pesthouse. The residents of Cerealinetown are protesting against its continuance in that neighborhood, and the board has several offers of locations under advisement, but has selected none as yet. Whatever place is chosen will be altogether outside the city limits and away from all habitations.

## THE STATE'S HEALTH.

September Reports Show Increase in Air Passage Troubles.

The September reports to the State Board of Health show an increase in the area of prevalence of intermittent fever, rheumatism, tonsilitis, bronchitis, diphtheria, scaret fever, pleuritis, pneumonia, typhoid fever and whooping cough. The decreased area was indicated in dysentery, cholera morbus, cholera infantum, inflammation of the bowels, erysipelas, cerebro-spinal meningitis, measles and puerperal fever.

It was predicted in the last report that diseases of the air passages would increase when the cold weather drove the people in-

loors, and the prediction has been verified. The increase in scarlet fever for the month was 20 per cent, and in diphtheria 15 per cent. Increases in these diseases are always noted at the beginning of the school year, and the board recommends that school children be inspected at the beginning of each school year and the infected ones prevented from coming in contact with those who have not been exposed. Hog cholera was reported from Howard. Randolph, Franklin, Henry, Grant and Boone counties.

## FISK JUBILEE SINGERS.

They Will Give a Concert at Plymouth Church Wednesday.

The Jubilee Singers of Fisk University, Nashville, Tenn., are in the city to give a series of concerts, and the ladies of the second section of the Free Kindergarten, of which Mrs. Herman Pink is the leader, have secured them for a concert in Plymouth Church Wednesday evening. The company of nine singers, five women and four men, are in charge of Rev. Mr. Merrill, although Mr. Wert, a member of the company, is the manager. Last evening, by special invitation, a small audience gathered at D. H. Baldwin's music store to hear a short programme, given with a view to introducing the singers. The nine members have among them some particularly good voices, and they are sufficiently cultivated to be pleasing. They sing the old-time Southern songs, such as "I Hope I'll Join the Band," Anthem, "Jerusalem the Golden"..... "There's a Great Camp-meeting in the Promised Land," "Were You There When They Nailed Him to the Tree," and they quartet of men sang "Remember Now Thy Creator." The bases sang "Rocked in the Cradle of the Deep," and Mrs. Wert, wife of the manager, who has a very deep alto voice, sang "You May Bury Me in the East." The tones were rich, full and free. The soprano has one of the purest, clearest voices heard here for . long time, and in the concerted numbe it rang as pure as the proverbial bell. The voices blend well, and the music, altogether, was enjoyable. Persons who care for the beauty and feeling found in the singing of the colored peo-ple of the Southland will enjoy the singing of these men and women. There is a genuine honesty of purpose back of their work which makes it of worth. The company is traveling in the interest of a new conservatory of music for the Fisk University, and will share with the kindergarten in the receipts Wednesday evening.

They are again led by Mr. Hugh McGibeny, who has resumed his place as concert meister, Mr. Karl Schneider is conducting the orchestra, and is gratified at the advance made. While the required subscription fund is not yet complete, the or-A committee from the Stone Cutters' As- | chestra society feels justified in continuing the work, and it has already engaged solo-Taggart regarding the proposed new ists for the season. Among the first of the contralto singers of the country is Mrs. Katherine Bloodgood, who was one of the successes of a May festival season; Frances mittee asked that all stone work be pre- Saville, soprano, from the Imperial Opera pared in this city and the request was also of Vienna, who is also said to be one of the most beautiful women on the stage, and Elsa Ruegger, the young Swiss 'cellist, who to be prepared so as to require that all | comes to this country for the first time, and stone-cutting shall be done here. ## THE K. AND L. OF HONOR.

The Supreme Lodge to Meet Here Next Tuesday.

The Supreme Lodge of the Knights and Ladies of Honor will commence a session Tuesday in this city, and the sessions will probably be continued for ten days or more The meetings will be held in the Elks' hall, and it will be the most important session in the history of the order. The most important questions to come before the Supreme Lodge are those relating to an entire change of the policy of the insurance feature. The order is essentially an insurance order, and it is now proposed to keep a reserve on hand and to limit the number of assessments. The proposition is to embody in the conduct of the insurance feature many of the features of old-line life insurance companies. A committee was appointed at the last session to examine thoroughly into the condition of the order. and it is probable that a like committee will be appointed at this session. The new plan advocated is that a schedule of rates be prepared which shall be sufficient to pay all loses and expenses without making extra assessments necessary. It is also desired to make a uniform assessment for each month, so that the assessments shall not fluctuate and a change in the rating, so that a rate for each age under sixty years will be made instead of grouping a number of ages under each rate. It is also expected that the per capita tax will be abolished except in the case of social members, and that the rates under the new schedule will be so equitably adjusted that the cost of the insurance will fall where it belongs. This adjustment will be according to the risk in-This will be the twelfth meeting of the body, and Indianapolis is the only city in the history of the order which the Supreme

Lodge has selected twice as a meeting place, the last meeting here having been in 1893. The present membership of the order is 65,963. The supreme officers are: L. B. Lockard, supreme protector; R. G. Lamberton, past supreme protector; H. Freudenthal, supreme vice protector; C. A. Harvey, supreme secretary; George A. Byrd, supreme treasurer, and Dr. L. D. Witherill, supreme medical examiner.

## Brownsburg Seeking Delay.

Secretary Hurty is indignant at the action taken in the Brownsburg school matter. He returned yesterday and said the trustees had taken a change of venue to this count; solely for the purpose of gaining time. He stated that the Board of Health will ask for an injunction to restrain the trustees from continuing the repairs on the old building.

It seems to be the fad just now to give everything in sight to Dewey. Some one will be presenting him with a box of Y. B.
